What is Airlaid?

Airlaid is a textile-like paper. Uses no water in the manufacturing process.

Airlaid paper is plush, porous and soft. It has good water absorption properties and is much stronger compared with normal tissue.

Main characteristics are:

- Soft, does not scratch
- Non-linting, no dust, no static
- Strong, even when wet
- Clean, hygienic, can be sterilized
- Textile-like surface
- Comes in various colours and can be printed on
- Bio-degradable
- Compostable
- Fully recyclable
- Water wise product, replacing laundered linen napkins
